Who We Are.

Mevive International Food Ingredients is one of the leading suppliers & exporters of the finest quality food ingredients ranging from Spices & Seasonings, Dehydrated Vegetables, Dried Leaf Ingredients, Spray Dried Ingredients, Speciality Super Foods & Ginger / Garlic Paste products. We are a full service food ingredient company focusing on consistent value addition and diversifying within the food ingredient business. We are backed by an in house team of experts and professionals with a greater vision for the ever growing food business. With a long term commitment towards our suppliers and customers, we guarantee a 'Business of Quality & Customer Satisfaction'.

The Mevive Advantage

More than 200 + Product Range

We carry a portfolio of more than 200 finest food ingredients suitable for all segments of the food industry. Enabling the customers to a wide selection to choose and select the right product suiting their application requirements.

Single source procurement

Our customers are always benefited with the convenience and advantage of procuring and covering their purchase requirement from a single source.

Value Addition

Our constant focus is consistent value addition for the products we offer and make it easier for our customers by offering them customized ingredient solutions.

Quality

Our quality commitment towards our customer has redefined the food industry market standards and we always believe "Quality is our Commitment & our Customer's right.

The background of the entire page is a close-up, slightly blurred photograph of several glass containers filled with different colored powders, likely spices. The colors include vibrant red, bright yellow, and a mix of orange and pink. The containers are white or light-colored, and the powders are piled high, creating a sense of abundance and variety.

Business Philosophy

We believe and have always strived hard towards creating a value in our products and services and our business as a whole. Our Business Philosophy unlike other corporate mantras, is just plain and simple - We are 'Customer & Quality Centric'. We believe that our responsibility and commitment towards our Alliances/Partners, Investors, Customers is never ending and we create a win-win environment for the people involved.

Packing in HDPE Drums 100kg, 200kg.
Packing in pouch, Retail Packing,
Private Labelling available.

Fresh Ginger & Garlic harvested are shipped directly from farms and processed immediately as per customer orders. We do not use any methods to preserve and stock the raw materials at any point of time.

Our Business Approach

We have regular alliances and strategic tie ups with farmer groups, associations & processors, ensuring that each raw material is procured directly from the origin without any involvement of intermediaries or traders. The raw materials are shipped to respective contracted third party processing locations within close proximity, saving transportation cost and reduced lead times. During the peak season of crop harvesting, raw materials are stored in cold-storages/warehouses, processed & despatched throughout the year.

'Our promises are transparent & competitive'.

Purchase Portfolio Evaluation

Our approach towards the food business is unique as we give more emphasis on the value of the services we offer along with our products.

We have designed a unique service beneficial to those customers who would like their purchase portfolio evaluated and we assure a supply solution at a much reduced cost and also offer the benefit & convenience of a single source procurement.

'We simplify our customer's procurement plans'.
